

## IV Therapy in Clinical Practice: Fundamentals of Nutrient and Chelation Therapy

Saturday, May 2nd-Monday, May 4th, 2026

Pure Pharmacy

130-13711 Mayfield Place Richmond, BC

With Dr. Caleb Ng ND, Dr. Patrick Callas ND, Dr. Chris Spooner ND

This three-day workshop is intended for trained professionals to learn how to use IV nutrient therapy. Although we will be reviewing fundamentals of IV therapy, this course will be intended for healthcare practitioners that are permitted to perform intravenous therapies and should be familiar with the basics of administering injections. Didactic will include intravenous therapy safety, nutrient compatibilities and incompatibilities, and industry trends. There will be hands-on training and opportunities to practice preparation of IV bags, initiation of IV nutrient administration and troubleshooting of common issues that arise during the administration of IV therapy. Qualifies for 5.5 hours of CCHPBC Category F.
